Boy Scout News

A banquet of all first class Scouts in the city will be held Monday evening at 6:30 at the Y. M. C. A. This will be the first regular meeting of the Order of Merit club, which was recently organized for first class Scouts. It is expected that every Scout of this rank will be present to take part in this live program. A splendid program has been planned, with Oscar Lindstrom present to give some of his amusing readings. Notices have been mailed to all first class Scouts, and they are to report to scout headquarters before Saturday if they are to be present. Commissioner Paul R. Preston and Scoutmaster R. C. Mitchell will also be on the program.

Members of the Rotary and Kiwanis clubs are receiving a small, square knot prepared by local Scouts in their weekly envelopes sent out the first of the week. Club members of both organizations will be asked to pledge themselves to do the good turn daily during next week. As both of these organizations are thoroughly interested in the Scout program and have at all times pledged their cooperation, it is expected that all of them will be wearing the little square knot on their coat lapel during the anniversary week starting next Sunday.

Judge N. A. Larson will speak on the Boy Scout movement to the Kiwanis next Monday noon. Owing to the fact that the Rotarians do not meet next Tuesday, but have a joint meeting with Melrose and Davenport Wednesday, there will be no possibility of the Rotarians hearing an address until that day.

A week from tonight troop No. 5 has invited parents of the Scouts to be present with them at a get-together meeting at the Longfellow school gymnasium. A live program has been planned and the boys expect to demonstrate to the parents just what the Boy Scouts do. Other scoutmasters in the city are also planning the same sort of a get-together.

FIFTH AVENUE TO BE MADE ONE WAY STREET ON FEB. 16

New York, Feb. 6.—Announcement that Fifth and Park avenues, Manhattan's great longitudinal arteries of motor traffic, would become "one way" streets on Feb. 16 was made yesterday by the police department.

A system of signal towers on Fifth avenue flashing red, green and yellow lights, in conjunction with

one way rules, is expected to remedy congestion that now limits thousands of automobiles to a snail's pace in the rush hours.

Five towers in 23 blocks, 12 feet above the street and equipped with lights, telephones and push button signals, will be central stations for

the guidance of policemen on foot at each corner so that vehicles between two towers will move in uniform.

Pedestrians will be subject to the same rules as vehicles. New cross streets without regular improvements of vehicles.
